President@National Cheng Kung University Cybersecurity Technology Front (Cybersecurity Club) Organize the whole club and CTF team. Host symposiums per month and improve the team members' hacking skills.	Feb 2025 – Present
Core member@B33F 50UP (CTF team) Attending CTF contests representing the team.	Sep 2024 – Present
Developer@Google Developers Student Club (GDSC, now called GDG on Campus) AI Team Crawl large data (more than 1 million after sanitized) from Twitter and train an sentiment analysis model.	Sep 2023 – Jun 2024

Education

National Cheng Kung University , BS in Computer Science and Information Engineering	Sep 2023 – Present
--	--------------------

Certifications

HTB Certified Bug Bounty Hunter (CBBH) <ul style="list-style-type: none">Attacking APIs, CMS, Web servicesExcel at client-side & server-side attacksAble to help developers remediate vulnerabilities through commercial-grade bug reports	Mar 2025
---	----------

Awards

2025 AIS3 Summer Camp <ul style="list-style-type: none">Found IoT 0-Day VulnerabilityCVSS Score: 9.3	Best Project
2025 MyFirstCTF	Golden Prize, Rank 3rd
2025 National Institute of Cyber Security (NICS) Cyber Range Development Contest <ul style="list-style-type: none">Build high-quality cyber rangeIncluding PHP file upload vulnerability + Linux privilege escalation	Rank 1st
2025 TSC (Taiwan Security Club) CTF	Rank 3rd
2024 UWSP Pointer Overflow CTF	Rank 59/1762
2024 Google Developers Student Club (GDSC, now called GDG on Campus) Final Project <ul style="list-style-type: none">Crawl & handle over 1 million tweets dataTrain a sentiment analysis model for a specific field with over 90% accuracy	Rank 5th

Open-Source & Side Projects (with hyperlinks)

Black-Hat-Zig

[Link](#)

- Malware developing and red teaming using Zig
- 146 stars so far
- Tech Stack: Zig, Malware development, Windows API

Spell Whisperer

[Link](#)

- Attracted corporate sponsorship without solicitation
- Prompt injection challenges with different difficulties and leaderboard
- Tech Stack: Typescript, Next.js, Tailwind CSS

ZYRA

[Link](#)

- A binary packer for executable files
- Supported PE and ELF format for x86 and x64
- Tech Stack: Zig

Tech Blog

[Link](#)

- The place I put some research articles, notes, CTF writeups, etc
- Tech Stack: Hexo, Javascript

CTF Challenges

[Link](#)

- The CTF challenges that created by me

Soft Skills

Leadership

- Leader of magic club in junior high
- Leader of debate club in high school
- Leader of cyber security club in college

Communication Skills

- Multiple national debate prizes, knowing how to convince others
